MARKET PRICES, NEWS, AND ANALYSIS

Urner Barry regularly solicits feedback from stakeholders to ensure that our coverage reflects current trading conditions and practices. To improve market transparency and to provide stakeholders with meaningful information, Urner Barry is requesting feedback on the following proposed changes to its beef variety market coverage. We are looking at adding additional reporting windows for trade.

Urner Barry is proposing that the current items quoted will now have two additional reporting windows:

- Forward Period (15 – 60 Days)
- Export Quotation, reporting window (0-60 Days)

Stakeholders can comment on the proposed changes during a comment period which will take place from June 1, 2024, to July 1, 2024. Comments will be published on our market reporting methodology page at [urnerbarry.com/markets/methodologies](https://urnerbarry.com/markets/methodologies).
